*"Thank you for considering a Mac's Lift. The MacDonald Family has been building lifts for three generations and remains a family business today. We've been designing and engineering lifts for over 45 years and we put our heart and soul into manufacturing the best possible product. Our team is constantly looking for ways to improve the quality and innovation MacDonald has come to represent. We stand behind our work 100% and believe to this day that we put out a superior lift, at an honest accessible price. After all, our name goes on every lift we make."*

Home Lift*

*PL-50 & PL-72*

## SAFE, RELIABLE TECHNOLOGY

MAC'S PL-50 Installed Indoors

MAC's Vertical Home Lift PL-50 & PL-72 was designed and engineered for home use. It's easy to operate, easy to install and virtually maintenance free. Every safety detail has been carefully designed into the PL-50 including a non-slip platform, constant pressure switches, a low platform for easy roll-on/roll-off, safety barrier and railing and all rolled edges.

The PL-50 is sturdy enough to lift and lower up to 600 pounds and will accommodate electric wheelchairs and scooters.

# MAKE LIFE ACCESSIBLE AGAIN...

## ...WITH THE MOST AFFORDABLE RESIDENTIAL LIFT SYSTEM AVAILABLE

The PL-50 was built to fit and use in almost all residential situations and conditions. The drive system uses common household current and operates in all weather conditions, from -30 degrees to +120 degrees. The key-operated, constant pressure switch enables you to start, stop and change directions at any point. The electrical system is placed well above ground and sealed against moisture. It's finished with a powder coated finish, to help protect it against the elements.

*In fact, we've been running a Mac's Residential Lift with a 600 lb. load, continuously, for the equivalent of 10 years residential use without a single lost day!*

The PL-50 is one tough, safe, affordable lift. Compare it against all the competition. You will not find a better built product on the market for your money; and the Mac PL-50 has a 5 year warranty!
